

## “November to Remember” Network promotion - Terms and Conditions - MGA

### 1. Promotion mechanics

The “November to Remember” Network Promotion will run between Wednesday the 1<sup>st</sup> of November 2023 (00:00 CET) and Thursday the 30<sup>th</sup> of November 2023 (23:59 CET).

The promotion consists of an overarching quest and six blitz! tournaments which will be held every 5 days and last for the duration of those 5 days during the promotion’s duration:

#### a) **November Quest** – time limited Quest (open type)

The monthly Quest is a time limited quest with a total of 30 milestones. Each day throughout November that the promotion will be running on a new milestone will be made available for completion. Once unlocked, players have 24 hours to complete the milestone.

Each milestone completed will reward the players with additional Free Spins. Each player may win up to 1.000 Free Spins during the promotion’s duration for their participation. For more information on the free spin prizes refer to the Promotion structure and schedule section of this document.

#### b) **November Blitz!** – Blitz! tournaments

Leaderboard mechanic: Sum of win-to-bet ratios

Players compete based on the sum of win-to-bet ratios scored during their individual blitz! tournament runs after opting in for participation. Each win’s multiplier is calculated into leaderboard points and added to the player’s overall score on the leaderboard.

Once a player opts in within the tournament widget, he is given 50 rounds to score as good of a result on the leaderboard as possible. Once the player uses all available rounds, their result on the leaderboard is final.

A player may retry the challenge if they are not satisfied with their result. **Please note:** Restarting the challenge removes the player’s result from the leaderboard and resets their score to 0. Only the latest result will be counted for the leaderboard ranking.

The 10 best players of each November blitz! will win a share of 1.000 Free Spins.

1. 1x 500 Free Spins
2. 1x 200 Free Spins
3. 1x 100 Free Spins
4. 2x 50 Free Spins
5. 5x 20 Free Spins

## 2. Opt in and participation

The participating games need to be positioned in a prominent lobby space. The qualifying games need to be visible upon the players' arrival on your website on both mobile and desktop throughout the promotional period.

We recommend preparing an exclusive tab of qualifying games for a better player experience and easier navigating.

A website slider needs to be included to your website (desktop and mobile). A banner example will be available for use at Bragg Gaming's client area and can be used or modified for promotional purposes.

The games must have at least one promotional campaign structured around them (Email or SMS send out, social media campaigns, affiliate promotions, website promotion, etc.). We encourage you to share all promotional materials with us.

## Blitz! tournaments

Leaderboard mechanic: Sum of win-to-bet ratios

Players compete by confirming their participation within the widget and playing any of the qualifying games available. Their result is based on the sum of win-to-bet ratios scored during their individual blitz! tournament runs after opting in for participation. The following games are available for participation: Alpha Gold, 5 Ember Wilds, 7 Fates, Dreamy Genie, Electric Jungle, Fancy Fruits Deluxe, Phoenix Fury, Royal Seven XXL, Sevens Fire, Take 5

A player may retry the challenge if they are not satisfied with their result. **Please note:** Restarting the challenge resets the player's score on the leaderboard.

The Blitz! tournaments will be held simultaneously with the quest promotion. Each Blitz! tournament will cover a 5-day segment of the promotion. There will be 6 Blitz! tournaments total:

#### 4. Notification and rewarding

The notification will be executed as follows: The dedicated account manager will notify the operators about the winners. If the operator confirms that the winning player is eligible for the prize the free rounds<sup>3</sup> will be issued either directly via the API (if the operator supports automatic awarding), or manually by the operator<sup>4</sup>.

If implemented, automatic awarding of free rounds will occur immediately when a quest's milestone is completed by a player, or when a blitz! tournament concludes. Notification for operators without automatic awarding will occur once weekly (each Wednesday during the promotion's duration), as well as a day after the promotion finishes for the final batch of winners (Monday, December 1<sup>st</sup>, 2023).

The prizes will be covered by Bragg Gaming and deducted on the next monthly invoice. The winning players can originate from any participating operator.

The value of the free rounds (0,20€<sup>5</sup> or its equivalent in other currencies) can be used within each milestone's and each blitz! tournament's corresponding games.

---

<sup>3</sup>The free rounds can only be used by operators, which have the Bragg Free Rounds API integration completed.

<sup>4</sup> Manually issued meaning, the operator must visit the Bragg Aggregator Back-Office to credit the players.

<sup>5</sup> If a game's minimum bet exceeds 0,20€, the free round value is exceptionally the next closest free spin value available for the game.
